Expert Reviews:

Edmunds.com: the big Lincoln is able to pass with ease, and freeway cruising at 80 mph is serene. The ride is comfortable, in a "welcome aboard!" sort of way

newCarTestDrive.com: Storage space abounds: A fold-down front armrest with a double-hinged top can be opened to either the driver's or passenger's side. Cupholders and a storage tray come out from the front edge of the center front seat. Storage pouches are sewn into the front cushion of the front seats.

KBB.com: The Town Car's prominent center console design features a vast stretch of wood that runs the width of the front panel. This places the audio and ventilation controls front and center.

ConsumerReports.org: The high-quality interior trim and upholstery are well chosen and neatly executed

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
