Expert Reviews:

Edmunds.com: The 2011 Toyota Corolla compact sedan rides well and should be reliable.

newCarTestDrive.com: A four-door, compact sedan with front-wheel drive, the Corolla is inexpensive to buy and operate, yet it feels like a small version of the midsize Toyota Camry.

KBB.com: Along with its new styling, the Corolla will rely on its time-tested strengths, a formula that combines great fuel economy, a pleasant ownership experience and a no-nonsense design.

CarAndDriver.com: The Corolla is like a shrunken Camry in terms of its reputation for quality, its refined demeanor, and its no-fuss operation.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
