JDPower.com Ratings:

- Automotive Performance, Execution and Layout (APEAL) Overall Rating

Expert Reviews:

Edmunds.com: Lots of features for the price; strong V6 engine; composed ride and handling; available convertible model.

newCarTestDrive.com: Midsize sedans comprise America's largest market segment for cars, with 1.7 million units sold per year. The Chrysler 200 has an old-school feel all its own that separates it from these other cars.

KBB.com: If you're looking for a mid-size sedan with a stylish and well-appointed interior, a powerful V6 engine and a decidedly European driving attitude, the 2012 Chrysler 200 deserves a nice, long test drive.

CarAndDriver.com: The V-6 is a compelling choice, but the four is adequate and returns superior fuel economy.

Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
