Expert Reviews:

Edmunds.com: The Sebring convertible generally comes off as more luxurious than its four-door competition. It offers more backseat space than the Pontiac G6 or Volkswagen Eos, adding up to decent room for four.

newCarTestDrive.com: In back, the rear seats are certainly roomier than those in the Volkswagen Eos and Ford Mustang, and the seat-integrated seat belts in the front seats make it easy for rear seat passengers to get in and out.

KBB.com: The Sebring is probably the best known and best-loved convertible sold in America.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
