### Expert Reviews:

Edmunds.com: The materials in the 2014 Jeep Cherokee have a high-quality look and feel, and we're hard-pressed to name another small crossover that beats it for style.

newCarTestDrive.com: Behind the front seat, there's a lot of room and convenience for passengers and cargo. The 40.3 inches of rear legroom is nearly 2 inches more than big brother Grand Cherokee...The 60/40 rear seats fold flat in a heartbeat.

KBB.com: Not only can it climb mountains, but it offers creature-comforts that might well be the best in class. That's why we named it one of the 10 Best SUVs Under \$25,000 for 2014.
