KBB.com: With a longer wheelbase the rear seat is made much more accessible, and once inside you'll enjoy expanded use of soft materials, real wood trim and a much more concerted effort to make the driver and passenger experience everything you'd want in a luxury SUV.

CarAndDriver.com: Sharing much with the Mercedes-Benz ML, the Jeep is a refined and luxurious SUV that looks elegant inside and out yet remains off-road ready.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
