KBB.com: With the 2012 Dodge Durango, the company has managed to create a lighter, more fuel-efficient SUV without sacrificing the things full-size SUV buyers demand, namely room, comfort and power.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
