Expert Reviews:

Edmunds.com: The 2012 Ram 1500 is a top pick in the full-size pickup truck segment thanks to its winning combination of strong performance, smooth ride and a classy cabin.

KBB.com: If you need a pickup truck that is as tough as the rugged image it portrays, but you'd also like something with a civilized ride and a nice interior to double as the family road-trip machine, the 2012 Ram 1500 pickup up makes a nice compromise.

CarAndDriver.com: Solid feel, supple ride, quiet at speed, huge amount of room, a plethora of options and trim levels to suit nearly every need, muscular V-8s, spacious cabin.

All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
