### Expert Reviews:

Edmunds.com: With a winning combination of strong powertrains, a smooth ride and a well-trimmed cabin, the 2013 Ram 1500 is our top pick in the full-size pickup truck segment.

newCarTestDrive.com: On the outside, Ram continues with imposing stature. Like many Dodge cars, the Ram's front end has a forward tilt, but it remains very aerodynamic.

KBB.com: While ideal for towing, most pickups employ a less-forgiving leaf-spring rear suspension setup. The Ram 1500, on the other hand, utilizes a coil-spring rear suspension to provide a high level of comfort with or without a heavy load.

CarAndDriver.com: Strong available V-8s carry over with slight fuel-economy improvements, but the big news is the fitment of Chrysler's acclaimed Pentastar V-6/eight-speed automatic as the base powertrain.

*JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

*Expert Reviews*

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
