Expert Reviews:

Edmunds.com: The Dodge Ram pickup also boasts impressive overall build and materials quality that approaches the class leaders in many respects.

newCarTestDrive.com: The Ram interior shows attention to details that add utility and convenience. The big fold-down center armrest/console comes with adjustable dividers and a power outlet. A hook on the passenger-side floor well is provided for securing a plastic grocery bag or anything else with suitable handles.

KBB.com: The Ram's interior is clean and highly functional. The lines on the dash and door panels are straight and crisp, and the plastics used in their construction feel sturdy without appearing cheap. Seat comfort is excellent, as is interior storage.

ConsumerReports.org: The rear seats easily flip up to make more interior cargo space. With the tailgate open, our trucks' beds will support cargo 8 feet, 3 inches long.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
