Expert Reviews:

Edmunds.com: Innovative Sync system, good fuel economy, plush ride quality, low price.

newCarTestDrive.com: The trunk is fairly large at 13.8 cubic feet. That's as big as or bigger than some midsize cars.

KBB.com: Handling has always been a Focus strong suit, and the recent comprehensive revamp of its fully independent suspension, coupled with a stiffer body structure, adds even more poise and control in that department.

ConsumerReports.org: All drivers were able to find a comfortable position. There's plenty of head, foot, and knee room even for taller people.

CarAndDriver.com: Attractive base price, quiet and creamy ride, roomy interior, Sync infotainment system.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
