Expert Reviews:

Edmunds.com: The 2013 Ford Escape is a winner in the segment of small crossover utility vehicles thanks to athletic driving dynamics, an inviting cabin and plenty of useful high-tech features.

newCarTestDrive.com: The 1.6 is quick, lively and visceral, a blast to drive. The 2.0-liter AWD feels more grownup, civilized, solid, heavy. If you want a four-cylinder compact SUV that feels like a midsize V6, the Escape is for you.

KBB.com: The 1.6- and 2.0-liter EcoBoost engines are terrific, both delivering smooth, ready power around town, effortless cruising on the highway and - especially the 2.0 engine - plenty of passing power.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
