Expert Reviews:

newCarTestDrive.com: With its combination of utility, a smooth, stable ride and a pleasant interior, the Ford Expedition is a fine choice for families that tow or take driving vacations.

KBB.com: If you and your family have needs as big as the 2012 Expedition itself (such as the need to fit eight people or tow up to 9,300 pounds), Ford's full-size family hauler makes a great addition to any garage.

CarAndDriver.com: The Expedition and the long-wheelbase EL variant are traditional body-on-frame sport-utes that battle the Chevy Tahoe and Suburban with their own mix of interior space, towing ability, and ruggedness.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

Expert Reviews

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
