Expert Reviews:

Edmunds.com: America's top-selling pickup is offered in a substantial array of trims and powertrains to accommodate all manner of towing, hauling or off-road needs.

KBB.com: Perhaps most impressive was the towing demonstration in which we hauled 20-foot trailers with absolutely zero drama, thanks in large part to the pickup's trailer sway control, rearview camera and integrated trailer-brake controller.

Pickuptrucks.com: In the quantitative section of our test, with 13 different performance tests and max rating calculations, the Ford outdistanced the competition by a significant margin. It won five competitive events outright and came in second in six others.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

Expert Reviews

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
