Expert Reviews:

Edmunds.com: Upscale interior; advanced high-tech features; composed and comfortable ride; Eco model's high fuel economy.

newCarTestDrive.com: It's a family car, to be sure, filled with all the familiar keynotes that define mid-size Chevrolet sedans. But in the same moment, it is a far more roadable vehicle than the Malibus of five or ten years ago.

KBB.com: The new exterior architecture, while stylish, is actually functional and provides the Malibu with one of the lowest coefficient of drag ratings in its class along with reduced wind noise.

CarAndDriver.com: Elegant inside and out, a full complement of safety features, fuel-sipping four-cylinder engine.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
