### Expert Reviews:

Edmunds.com: The 2012 Chevrolet Sonic could be an intriguing choice for a small economy car thanks to edgy styling, impressive power and roomy interior.

newCarTestDrive.com: The Sonic's rigidity and cabin quietness are aided by its alloy wheels (which come standard), as opposed to the steel wheels most often found on base subcompacts.

KBB.com: The category as a whole has gotten less skittish and less buzzy in recent years, but the new Sonic ups the ante considerably and drives like a bigger, pricier car than any of its competitors.

CarAndDriver.com: Sporty looks, made in Michigan, 10 standard airbags, interior design, available 1.4-liter turbo from the Cruze with 40-mpg potential, low price.

### *JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

### *Expert Reviews*

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
