Expert Reviews:

Edmunds.com: Thanks to a snarling V8 and an engaging view of the raised front fenders through the windshield, the Chevrolet Corvette is a sports car that never ceases to put a smile on your face.

newCarTestDrive.com: Value isn't the first thing that comes to mind when talk turns to the Corvette but, when it comes to high performance, it might be the best bang-for-the-buck deal on the planet. For the price of a midsize luxury sedan, the Corvette delivers supercar performance.

KBB.com: If you love your cars American and iconic, the Chevrolet Corvette is a sports car purist's dream come true. Drivers experience awesome V8 power, amazing handling and an interior filled with more creature comforts than some luxury cars.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
