Expert Reviews:

Edmunds.com: The Malibu offers some of the best rear-seat legroom in its class. It's also quite flexible in terms of cargo-carrying capacity -- thanks to a fold-flat front passenger seat and a more common split/folding rear seat, long objects can be carried inside the car.

newCarTestDrive.com: The driving performance of the Malibu exceeded our expectations. We were surprised by the acceleration performance from the V6 and delighted by the crispness of handling on winding roads. It feels firmer than the Camry, but softer than the Accord, a good balance, in other words.

KBB.com: One of the best mid-sized sedans ever to roll off a GM assembly line.

ConsumerReports.org: The Malibu is a solid, well-rounded sedan. Based on the same platform as the more expensive Saab 9-3, the Malibu is roomy and offers easy cabin access, a quiet interior, and a comfortable ride.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

Expert Reviews

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
