Expert Reviews:

Edmunds.com: The V6 offers plenty of torque down low for easy passing and merging. The suspension returns a surprisingly sporty ride, and the solid structure helps make the interior a serene place to spend time.

newCarTestDrive.com: The Pontiac G6 models are attractive cars. They have the smooth styling of the latest-generation Pontiacs, sharing cues with the Solstice roadster and other models and sort of a Lexus/Toyota look from the rear.

KBB.com: The G6's sport suspension strikes a pleasant balance between performance and comfort.

Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
