Expert Reviews:

JDPower.com: The Cadillac CTS ranked No. 3 in its class in the J.D. Power and Associates 2009 Initial Quality Study, and No. 2 in its class in the J.D. Power and Associates 2009 APEAL Study.

Edmunds.com: With a more compelling base engine, the Cadillac CTS increases its appeal for 2010. The CTS redefines what an American luxury car can be.

newCarTestDrive.com: Boasting style, performance and technology, the Cadillac CTS is a sports sedan that can go toe-to-toe with the best the world has to offer, including the BMW 5 Series, Mercedes-Benz C-Class, Lexus GS, Infiniti G37, and Audi A4.

KBB.com: We expected the trade-off for its responsive steering, world-class road-holding and powerful braking to be an uncomfortably stiff rough-surface ride but found its suspension surprisingly supple even on the most troubled surfaces.

CarAndDriver.com: The CTS is Cadillac's rival to sports sedans from Germany and Japan, and it impresses with its refinement, back-seat space, interior quality, and ride and handling.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
