Expert Reviews:

newCarTestDrive.com: They boast the most power, the heftiest gross vehicle weight rating and the highest gross combined vehicle weight rating available. More noticeable on a daily basis is their superior refinement. They offer excellent handling, the smoothest ride and the most up-to-date interiors.

KBB.com: When Chevy says their trucks are "like a rock," they're not kidding. The Silverado is as rigid and inflexible as an iron rod.

Vehicle History Highlights:

- CARFAX No Frame Damage Reported
- CARFAX Buy Back Guarantee
- CARFAX No Airbag Deployment Reported

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
