Expert Reviews:

Edmunds.com: Though not radically different than before, the 2013 GMC Acadia should continue to deliver a winning combination of comfort, features, cargo space and performance in a utility-style package.

KBB.com: Placed against such competitors as the Honda Pilot and Ford Flex, the Acadia fares well, offering a huge cargo hold, an adult-friendly 3rd-row seat and a plush interior adorned with handsome materials and first-rate built quality.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
