newCarTestDrive.com: Chevrolet TrailBlazer is powerful, rugged and capable, yet smooth, comfortable and civilized. Its rigid chassis, sophisticated suspension, powerful brakes and impressive details place it among the best of the mid-size SUVs. It's stable and maneuverable, and provides a smooth ride. It handles rough washboard surfaces well and is capable off-road.

KBB.com: Its tight steering and double A-arm front suspension frees you from constantly making corrections to keep the vehicle from drifting out of its lane. A firm brake pedal brings the TrailBlazer to a quick stop every time, and the brakes show little fade after repeated use.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
