Expert Reviews:

Edmunds.com: Chevrolet has tuned the Uplander's suspension to provide a smooth ride and a moderate level of dynamic handling ability.

newCarTestDrive.com: The strength of the Chevy Uplander lies in its value. Comparably equipped, the Uplander sells for thousands less than class standards such as the Honda Odyssey and Toyota Sienna.

KBB.com: GM says it is dedicated to improving the interior quality of its cars, and the Chevrolet Uplander proves it. French-stitched seams on the door panels and seats, a gorgeous dash and instrument cluster design and a hefty dose of sound deadening insulation make life with the Uplander a thoroughly pleasant experience.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
