Expert Reviews:

Edmunds.com: Thanks to a stiff frame and a well-insulated cabin, Chevrolet's big SUV is generally quiet and rattle-free, making it a great long-distance cruiser.

newCarTestDrive.com: Suburban is based on GM's superbly engineered full-size truck frame. Its V8 engines deliver strong torque for towing heavy loads, and it's supremely stable when pulling heavy trailers through nasty, windy weather.

ConsumerReports.org: Handling is commendable for such a long, heavy vehicle. The steering is reasonably weighted and fairly precise.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
