Expert Reviews:

Edmunds.com: The Chevy Tahoe, North America's best-selling full-size SUV, is the right size for a lot of SUV buyers. It can haul more cargo than a Chevy TrailBlazer or Ford Explorer yet it's easier to maneuver than a Chevy Suburban, important in crowded parking lots, underground garages, or when parallel parking, plus it'll fit in more garages.

newCarTestDrive.com: On the road, Tahoe is smooth and stable. It really is like a rock. It has plenty of power and its brakes work well. The cabin is comfortable and familiar, friendly and functional. Turn off the highway and the Tahoe handles gravel, rugged two-tracks, mud, and snow. In any kind of driving, it's a good choice for someone who needs real carrying capacity.

ConsumerReports.org: The Tahoe's outstanding asset is its smooth, strong, quiet powertrain, which provided the quickest acceleration of the group. It also has a spacious cabin.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

Expert Reviews

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle.
