Edmunds.com: At 109 cubic feet, the Tahoe's maximum cargo capacity bests that of the Nissan Armada and Dodge Durango, and is about the same as a Ford Expedition.

newCarTestDrive.com: The Chevy Tahoe offers cargo space, passenger accommodations, and towing capacity. It's a full-size truck and handles like one... while delivering a good ride and a pleasant interior.

KBB.com: New and redesigned in 2007, the Tahoe is marked by quality improvements in both exterior and interior materials that are finished with a soft-touch of excellence. It now drives more like a luxury car thanks to a new steering system, frame, and suspension.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
