### Expert Reviews:

Edmunds.com: For much of the past two decades, the Honda Accord has been one of the most popular vehicle choices for American families. Why? No matter what year of Accord you examine, you can assume with fair confidence that it's safe, comfortable, fuel-efficient, decently powerful and above average in terms of reliability and resale value.

newCarTestDrive.com: The Accord rides more smoothly and more comfortably than the Nissan Altima. Yet its handling is controlled. The Accord handles better than the Toyota Camry yet it rides well. Its suspension smooths out bumps and ripples in the road, but isn't so mushy that your back-seat passengers get motion sickness. When pushed hard, it's balanced and fun to drive.

KBB.com: What can be said about a vehicle that is so meticulously planned and assembled, so absolutely complete in its attention to detail and so thoroughly satisfying to own that it makes the pursuit of perfection almost seem mundane?

### *JDPower.com Power Circle Ratings*

All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
