KBB.com: With styling and performance that splits the difference between sportier and softer, the Honda Accord embodies the very balance that attracts so many buyers to the mid-size sedan segment in the first place.

CarAndDriver.com: The Accord's steering, handling, and athletic responses are sportier and more refined than its competition.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
