Expert Reviews:

Edmunds.com: The fully redesigned 2013 Honda Accord returns to the top of the family-sedan class with a mix of excellent packaging, superb fuel economy and rewarding performance.

newCarTestDrive.com: Reversing a common trend, the 2013 Honda Accord is smaller on the outside and, by total volume, smaller on the inside. However, dimensionally the cabin is bigger in every measure except front-seat hiproom.

KBB.com: The Honda Accord is the Labrador retriever of sedans. If you want a hassle-free, pleasing family car with a reputation for quality and an immediate familiarity, it's hard to go wrong with the Accord.

CarAndDriver.com: Happily, the more "personal" variant of this perennial 10Best returns in all-new form, with an even more usable rear seat as well as most of the same enhancements found on the 2013 Accord sedan.

Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
