Expert Reviews:

Edmunds.com: If you venture off the beaten path with regularity, the Patriot will get the job done like few others in its class.

newCarTestDrive.com: The cabin layout is functional and roomy. The black dashboard and instrument layout is simple, and the gauges are a tidy white on black with glowing orange needles. The climate and sound system controls are easy to understand and operate.

KBB.com: Whether you're looking for a daily driver with a rugged streak or a nimble off-roader that you can comfortably take to work, there's a Jeep Patriot model for you.

ConsumerReports.org: Folding the 60/40-split rear seats makes a pretty good space for cargo. Folding the rear seats is simple: Just pull the releases and the seatbacks will fold down.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
