### Expert Reviews:

Edmunds.com: Strong acceleration and fuel economy for both engines; rewarding handling; composed ride; comfortable front seats; user-friendly electronics; solid interior quality.

newCarTestDrive.com: Innovative mechanical components, carefully tuned ride and handling, advanced cockpit connectivity features and sleekly contemporary styling that belies its price class.

KBB.com: The 2013 Nissan Altima's cabin is finely crafted with soft-touch materials, but its prime attraction is NASA-inspired "zero gravity" front bucket seats, which approach the relaxed "neutral posture" that the human body assumes in a weightless environment.

CarAndDriver.com: This mid-size sedan is lighter than its predecessor, more efficient, and very spacious.

*JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

*Expert Reviews*

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
