### Expert Reviews:

Edmunds.com: The well-rounded 2011 Mazda 6 ranks highly among family sedans for its sporty driving dynamics and spacious interior.

newCarTestDrive.com: It looks great, with sporty styling suggestive of a coupe. Inside is a nice cabin with lots of convenience features. There's plenty of room for four adults, and it seats five. And despite the swoopy looks, it has a big trunk. It checks all the boxes as a practical midsize sedan.

KBB.com: If you've been impressed by Mazda's previous lineup - including its volume leader, the Mazda3 - the Mazda6 is an excellent way for a growing family to move up.

CarAndDriver.com: If you love driving and need a family sedan, take a look at the 6. Lively steering and good body control are its hallmarks.

All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
