### Expert Reviews:

JDPower.com: According to the NHTSA, the 2010 Ford Mustang receives 5-star crash and rollover protection ratings in all measured factors.

Edmunds.com: More than just a show pony, the Ford Mustang offers enthusiasts on a budget a tempting combination of potent performance and timeless styling.

newCarTestDrive.com: It delivers the bold styling, rear-drive performance and affordability that have been Mustang hallmarks for decades, but it's smoother, quieter and better built than older models.

KBB.com: If you're a fan of the affordable, powerful, rear-wheel-drive vehicles that have defined the American muscle car, you'll find the Ford Mustang a properly refined version and thoroughly satisfying.

CarAndDriver.com: America's pony car gets fresh sheet metal, a nicer interior, and suspension tweaks for '10. Better materials inside and sharper dynamics make the Mustang tons (literally) of fun.

*JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

*Expert Reviews*

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
