### Expert Reviews:

newCarTestDrive.com: The new Stow 'n Go seating design makes it more versatile than the competition' Chrysler's new second- and third-row seats fold perfectly flat, flush with the floor.

KBB.com: If you've found the ride and handling of other minivans too soft or too firm, you might appreciate the Chrysler minivans' balance between highway comfort and around-town responsiveness. We also appreciated the surprisingly competent steering and braking response.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
