### Expert Reviews:

Edmunds.com: Composed ride and competent handling; abundant performance options; strong brakes; available all-wheel drive; easy-to-use touchscreen interface.

KBB.com: The Charger's front seats are equipped with noticeably large side bolsters and its thick-grip 3-spoke steering wheel includes controls for the audio, Bluetooth, cruise control and the driver-information center.

CarAndDriver.com: While it shares much with the Chrysler 300, the Charger has a tougher look and more of a sport-tuned chassis.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
