Expert Reviews:

Edmunds.com: Based on a good deal of Mercedes-Benz technology underneath, the Chrysler 300 goes one step further and offers significantly more refinement.

newCarTestDrive.com: On the road, the Chrysler 300 feels as solid as it looks, having inherited significant mechanicals from Chrysler's former parent company, Mercedes-Benz. From a handling standpoint, the 300 is heavily and positively influenced by a design borrowed from the Mercedes E-Class.

KBB.com: The Chrysler 300 sedan has succeeded where many of its domestic rivals have not. While it's true that Americans have flocked to the 300 chiefly because of its bold styling, the 300 provides a roomy interior, impressive ride and handling.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

Expert Reviews

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
