Expert Reviews:

Edmunds.com: A roomy and versatile cabin, excellent crash test scores and decent fuel mileage make the attractively priced Chevrolet Equinox one of the better choices in the compact SUV field.

newCarTestDrive.com: The Chevy Equinox is larger than other compact SUVs. Its flexible interior design provides room for five full-size people and their gear, featuring a sliding second-row seat.

KBB.com: Put a heavy foot on the pedal and the Chevrolet Equinox takes it as a command, not a suggestion. While pulling away from a stop or negotiating slower traffic on a two-lane road, the V6 always delivers plenty of power.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
