Expert Reviews:

Edmunds.com: A generous list of safety equipment is now standard on all models, even the budget-priced SE. Traction control, stability control, antilock brakes with brake assist and three rows of head curtain airbags are all standard.

newCarTestDrive.com: Stow 'n Go consists of bins in the floor behind the first row of seats, and folding second-row seats that can be folded into those bins, resulting in a flat load floor for easily carrying larger objects. Or, when the seats are up in the normal seating position, the bins can accommodate toys, games, sporting gear, tools or whatever.

KBB.com: Chrysler's fifth-generation minivan is the obvious choice for satisfying rear-seat riders.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

Expert Reviews

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
