Expert Reviews:

Edmunds.com: Quiet and comfortable cabin; abundant features; comfortable ride; composed handling; available "EcoBoost" four-cylinder engine.

newCarTestDrive.com: The Ford Edge is a balanced, versatile five-passenger vehicle that works for a lot of buyers in a lot of ways, and the 2012 models offer several new features that expand its appeal further.

KBB.com: The 2012 Ford Edge has by far one of the nicest interiors Ford has ever placed in a non-luxury product. Color is the dominant theme, not so much in the materials, but in the cool adjustable multicolored dash and foot-well lighting.

CarAndDriver.com: The turbo four gives the Edge an edge in fuel economy (21/30 mpg city/highway), and two V-6 engines (the standard 285-hp 3.5 liter, or a 305-hp 3.7-liter) continue for those who want a bit more muscle.

US News: The 2012 Ford Edge ranks 5 out of 23 Affordable Midsize SUVs.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
