Expert Reviews:

Edmunds.com: The 2011 Chevrolet Camaro is a head-turning muscle car that goes like stink and will certainly get you noticed.

newCarTestDrive.com: The reborn Camaro begins its second year with the 2011 model, and it's turning more heads than ever because of the striking styling that is starting to sink in as more new Camaros hit the road.

KBB.com: The 426-horsepower SS model certainly grabs the headlines, but the 312-horsepower, V6-equipped LT offers significantly more performance than you might expect, while turning in laudable fuel efficiency.

CarAndDriver.com: Classic styling made modern, excellent chassis, brakes are up to the task of countering the V-8's 426 horsepower, and approachable prices.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
