Expert Reviews:

Edmunds.com: The 2014 Chevrolet Impala is now a fully modern car, with a spacious, well-built cabin, a comfortable ride and a host of new tech features. It deserves consideration if you're shopping for a full-size sedan.

newCarTestDrive.com: Though of late it was often dismissed as a mediocre rental car, the Impala is back with a vengeance, sporting a sophisticated design, high-quality interior and spot-on driving dynamics.

KBB.com: No matter what engine you choose, the Impala's power is accompanied by a luxury level of comfort and quiet. It uses acoustic glass not only in the windshield but also in the front side windows, and all versions of the Impala have triple door seals.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
