### Expert Reviews:

Edmunds.com: The Chevrolet Silverado 1500 is pretty much the quintessential modern full-size pickup. It's able to do all the truck stuff you see in the TV ads -- manly tree-stump-pullin' and the like -- while simultaneously being comfortable and upscale enough for daily family use.

newCarTestDrive.com: The suspension did a nice job of providing stability and also soaking up the rough surface of the gravel road, even in areas which featured a surface you might better call rocky than graveled.

KBB.com: Thanks to its rigid frame and advanced construction techniques, the Chevrolet Silverado offers a markedly better ride-and-handling combination than many of its competitors.

#### *JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

#### *Expert Reviews*

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
