Expert Reviews:

Edmunds.com: With high-quality surfaces, flowing lines across the dashboard and a lengthy standard equipment list that includes a 7-inch touchscreen and a rearview camera across the board, the GMC's interior accommodations set it apart from competitors.

KBB.com: Going down the road, the Terrain has a comfortable ride, with predictable steering feel and reassuring directional stability. It might have the looks of a rugged truck, but it has the easy driving manners of a medium-size car.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
