Expert Reviews:

Edmunds.com: Stylish and comfortable, the 2013 Chevy Equinox is one of our top choices in the highly competitive segment of compact crossovers.

KBB.com: The Equinox stretches the boundaries of the term "compact," as it is noticeably bigger than its rivals. That size difference affords more room for passengers in the second row seat and a larger presence on the road.

CarAndDriver.com: The big kid in the compact segment, parsimonious four-cylinder engine, spacious rear seat, techno-goodies, solid feel.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
