Expert Reviews:

Edmunds.com: In crash tests, the Journey received perfect ratings in all categories. The government awarded it five stars in both front and side impacts, and the Insurance Institute for Highway Safety gave the Journey its highest "Good" rating for both frontal-offset and side impacts.

newCarTestDrive.com: Interior versatility is where the Journey shines. The Journey offers a fold-flat front passenger seat that will allow loading items up to nine feet long. It features some unique storage solutions owners will find useful. Among them: a bin under the front passenger seat, storage under the floor in the second row and behind the last row of seats, a dual glove box with Dodge's Chill Zone that cools soda cans, and all the usual cubbies up front, including a fairly deep center console.

KBB.com: Behind the front seats are two bins in the floor that can accommodate up to twelve 12-ounce cans and ice - or whatever else you can put in there. The bins have locking lids and are removable for easy cleaning.

ConsumerReports.org: The Journey has a versatile interior, with a third-row seat and lots of clever storage areas. The cabin is quiet, handling is secure, and the powertrain is refined.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
