Expert Reviews:

Edmunds.com: Minivan-style interior functionality, perfect crash-test scores, interesting entertainment and communications options, attractive pricing.

newCarTestDrive.com: With prices starting around \$22,000, the Journey offers affordable utility. We recommend the V6 engine, which provides that extra margin of power that many buyers will want, as well as much more refinement.

KBB.com: In all three areas, the Dodge boys have hit a home run, creating a comfortable, quiet and well-built crossover with all the flair and sportiness we've come to expect from the brand.

CarAndDriver.com: Based on the Avenger sedan, this mid-size crossover has three-row seating, clever interior features, all-wheel drive (optional), and attractive pricing.

All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
