newCarTestDrive.com: The Ford Fusion has presence, unusual among midsize sedans that tend to blend in to the scenery.

KBB.com: Although designed here in the U.S., the Fusion borrows much of its chassis and drivetrain from its Japanese cousin, the previous generation Mazda MAZDA6. The merging of American styling and Japanese hardware makes the Fusion a terrific value, offering superior handling, good fuel economy and low emissions

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
