Expert Reviews:

Edmunds.com: With its responsive steering and refined ride, the Ford Fusion is one of the more entertaining vehicles in the family sedan segment.

newCarTestDrive.com: The Ford Fusion has presence, unusual among midsize sedans that tend to blend in to the scenery.

KBB.com: Although designed here in the U.S., the Fusion borrows much of its chassis and drivetrain from its Japanese cousin, the previous generation Mazda MAZDA6. The merging of American styling and Japanese hardware makes the Fusion a terrific value, offering superior handling, good fuel economy and low emissions

ConsumerReports.org: Emerged as one of our higher-rated family cars overall. High points include sharp handling, a good ride, and strong acceleration.
