### Expert Reviews:

Edmunds.com: In terms of handling, the Toyota Tacoma feels like a true truck from behind the wheel. It excels in off-road situations and is reasonably comfortable on the street.

newCarTestDrive.com: The Tacoma feels steady in sweeping turns and suffers from surprisingly little body roll, or lean, in hard corners. The Tacoma feels big on the road when compared with older compact pickups and, in fact, it is relatively large.

KBB.com: Wrapped in muscular, aggressive sheetmetal and touting the most powerful engine ever to grace a small Toyota, the Tacoma has much to offer those who take their pickup trucks seriously.

ConsumerReports.org: The Tacoma is a workhorse among compact pickups. Fuel economy is competitive and overall handling is sound.

*JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
